

Save a life. Be a PAWS foster parent.

Fostering an animal in need is easy and the rewards are endless. The Philadelphia Animal Welfare Society (PAWS) is in dire need of foster parents for all types of animals:

- Kittens that are too small to be adopted
- Cats/dogs that are sick and need medicine
- Pets that simply need to get out of the shelter due to the lack of space

PAWS provides:

- Clinical care for conditions we can treat
- Spay/neuter surgery
- Assistance finding potential adopters
- Lots of support and info along the way!

To get started or to learn more, visit:

www.phillypaws.org

or e-mail: robin@phillypaws.org

If you cannot foster, you can make a tremendous difference as a volunteer. See our web site for details.

Don't wait! They won't make it out without you.

Help save Philadelphia's animals one PAW
at a time
